Traditionally, for more than 15 years, we have been allowed to coordinate a Banquet for the Inferred Hispanic population at Rahway State Prison, and this year we plan to have an event in fashion with the Latin Committee colorful background. In this event we would like to feature a Latin Band, A Creole Meal, Childrens Entertainment and a Speaker. For the Inferred Hispanic this social event represents a moment of respite from the rigors and tensions of prison life, and serves as an emotional conduit whereby are expressed the prisoners love for his family, his children and his friends.

The celebration of this Banquet will be on July 5th, 1985, and we are requesting that individuals, organizations, and groups consider joining us in making this a most important and memorable event for all involved, by sending a monetary contribution, or donating a service commensurate to the occasion.
